About the course

Designed for a maximum of 8 participants, the course includes six nights' accommodation, four full days of expert tuition and a free day to relax at the guest house or explore the local area and nearby towns of Ronda, Grazalema, and Zahara with its beautiful lake and castle.

With over 30 years of teaching experience, Ione is a highly experienced teacher who is renowned for her relaxed and encouraging approach to teaching students of a wide range of abilities. This means the course is perfect for you whether you are a beginner in watercolour, or have some experience and would like to explore some exciting new techniques. Throughout the week, you'll benefit from demonstrations, individual guidance and enjoyable group activities.

The workshops will focus on exploring the unique qualities of watercolour through both traditional methods and playful, experimental approaches. Together, we'll look at ways to simplify the landscape, create atmosphere, and develop texture, always with an emphasis on creativity and discovery.

By the end of the retreat, you will have experienced the joy of immersing yourself in painting, expressed your own personal response to the landscape, and created a collection of artworks to treasure with pride.
